

The Adventure Begins

Built with passion, a commitment to excellence and a dedication to an outstanding off-road experience, the Ultimate XTRK embodies the spirit of adventure that has made Ultimate Campers the industry benchmark for two decades.

Kitted out with all the necessities you'll need for an unforgettable waterproof and dustproof adventure, the XTRK comes with a genuine king-size bed, ample water storage, two-burner gas stove, loads of storage space, a U-shaped lounge and high quality Australian manufactured canvas. With a huge list of optional extras to choose from you can personalise your XTRK with all the mod cons you desire.

Stylish and thoughtful design is coupled with light weight and aerodynamic contours to ensure that the XTRK provides an unmatched combination of fuel efficiency and comfort.

Design, durability and practicality

Computer aided design, aeronautical construction and numerous prototypes have contributed to the creation of the Ultimate Off-Road Camper. Everything you need to take on your adventure will fit into the lines of the Ultimate, even your dinghy and outboard. The entire body, lounge, galley, lid and components of the Ultimate are hand moulded from high tech materials resulting in an extremely strong and low maintenance composite structure that will endure for decades. The chassis is fabricated from high tensile Duragal steel resulting in excellent strength and performance in all off-road extremes. The Ultimate's aerodynamic profile ensures minimal damage through deflected stones. The tare weight is only 750kg, allowing for greater payloads, optimised fuel economy and safer cruising.

Standard Features

INTERNAL	King-Size Bed	✓
	U-Shaped Lounge in a Choice of Colours	✓
	Galley Storage Cupboards	✓
	2 Burner Gas Stove	✓
	White Gelcoat Benchtop & Table	✓
	LED Galley Light	✓

CANVAS	Off-Road Electric Brakes	✓
	Mud Flaps	✓
	Mini Awning	✓
ELECTRICAL	Safari Roof	✓
	Premium Australian Manufactured Canvas	✓
	Single 110Ah AGM Deep-Cycle Battery	✓
	6 x 12 volt Outlets	✓
	CTEK 5 amp Charger	✓

Technical Specification

♦	LENGTH (Towing Mode)	4250mm
♦	WIDTH (Towing Mode)	2000mm
♦	HEIGHT (Towing Mode)	1800mm
♦	TARE WEIGHT	750kg
♦	DOWN BALL WEIGHT	35kg
♦	GROUND CLEARANCE	570mm
♦	DEPARTURE ANGLE	32 Degrees
♦	RAMP OVER ANGLE	18 Degrees
♦	CHASSIS	High-Tensile Duragal Chassis
♦	SUSPENSION	Independent Trailing Arm
♦	SPRINGS	Lovells Long Travel Coil Springs
♦	SHOCK ABSORBERS	Koni Adjustable Shock Absorbers
♦	COUPLING	Treg 360 Degree Coupling

Setting the standard since 1994

Ultimate Campers began when boat builder, Michael Hackett and his wife Wendy built their own unique off-road camper. By using the composite materials and aerodynamic principles of the boat building industry they had created a camper that was truly innovative and very special. Ultimate Campers launched at the Rosehill Caravan and Camping Show in 1995 and they were pleased to see the amazing response the camper generated.

In 1994 the Ultimate changed everything - light weight, composite materials, sleek design. It had a sense of purpose not seen before. Twenty years later the Ultimate still sets the standard on Australia's outback roads and tracks.
